Sewing Tips:

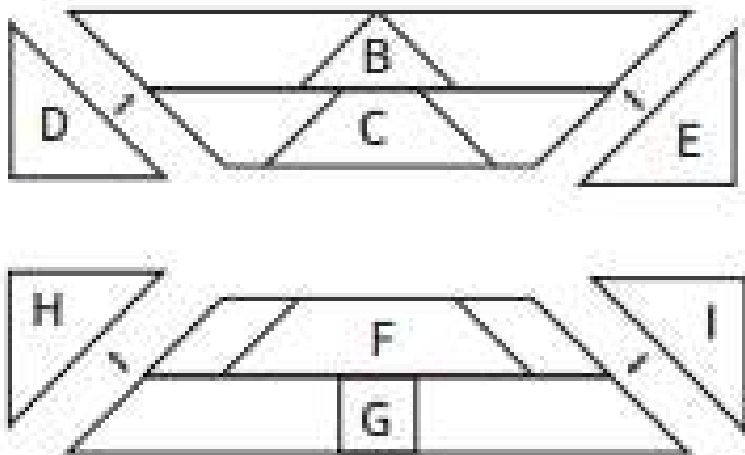

- Set your stitch length to 1.5.
- I recommend using a thin but strong thread like WonderFil DecoBob 2-ply 80 wt or Aurifil 80 wt.
- I prefer to trace the pattern on tissue paper, (like the kind you stuff in gift bags) it's easier to tear away.

Assembly Instructions

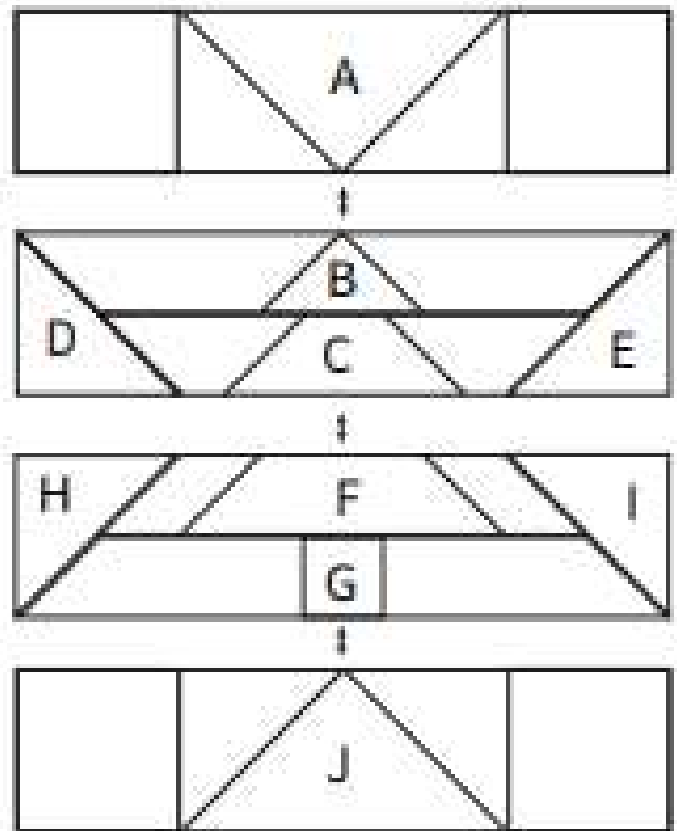

STEP 1: After sewing each individual unit using the foundation paper piecing method. Sew unit B to C and unit F to G as shown below.

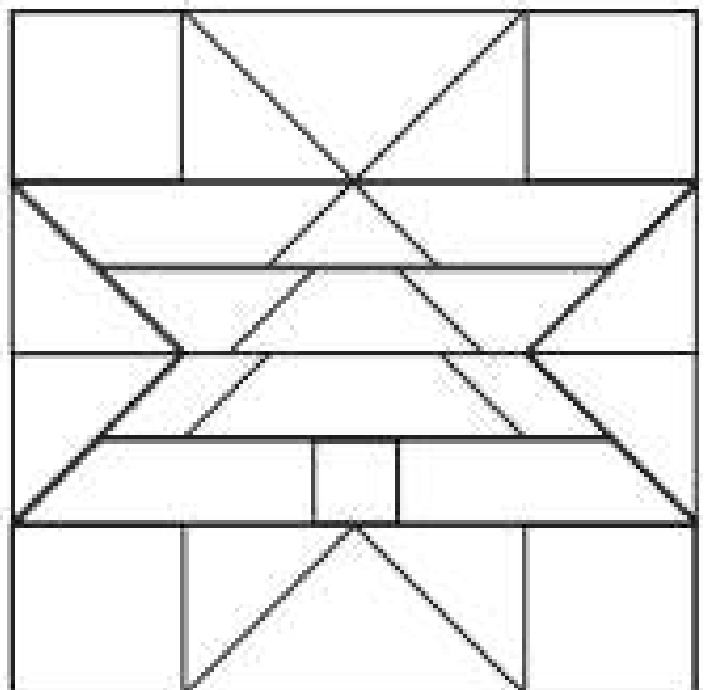

STEP 2: Sew unit D and E to unit BC. Sew unit H and I to unit FG as shown below.

STEP 3: Sew the strips together as shown below.
